

As one of the world's first tech law firms, Fenwick has long served as a catalyst for the innovation ecosystem.

Empowered by a culture that is both collaborative and disruptive—just like our clients—we represent more than 1,500 venture-backed technology and life sciences companies as they raise money and grow from startup to market leader. That means investing in new technologies and building a dynamic and diverse community where talented people thrive.

Explore your next great career leap at [Fenwick.com/careers](https://fenwick.com/careers).

Consistently ranked Band 1 nationally for startups and emerging companies work by *Chambers USA*
